2007-2008 WINTER RECREATION TRAVEL PLAN MAP  
Logan and Ogden Ranger Districts  
WASATCH-CACHE National Forest

This map describes winter travel opportunities from the beginning of the snow season in the FALL/WINTER 2007 when local conditions prevent travel on designated roads and trails by wheeled vehicles UNTIL THE TIME IN THE SPRING of 2008 when local conditions become suitable to support wheeled vehicle traffic on designated roads and trails without causing resource damage. Detailed maps are posted at some trailheads for reference.

Additional closures or restrictions may be made at any time for resource protection or public safety. To avoid inconvenience, Forest visitors are encouraged to contact local District Ranger offices for current travel information.

Winter Recreation Rules to Play By

- Make your contacts with others pleasant. Respect the rights of all forest visitors to enjoy the beauty of the winter wonderland. Good manners and a friendly attitude will make encounters more pleasant for everyone.**
- Park considerately, taking no more space than needed, without blocking other vehicles and without impeding access to trails.**
- Keep to the right when meeting another forest visitor. Yield the right-of-way to traffic moving downhill.**
- Ride in control and pass others slowly. Slow down and use caution when approaching another.**
- Respect private property, designated Wilderness areas, trail use signs, established ski tracks and area closures.**
- Don't block the paths of others. Move off the trail to visit or sightsee.**
- Be kind to wildlife. Avoid areas posted for the protection of wildlife.**
- Tread Lightly and Leave No Trace. Pack out everything packed in and do not litter. Bury human waste away from trails and water.**
- Realize that equipment, ability, the terrain, weather, and the traffic on the trail should determine destination objective and trail speed. In case of emergency, volunteer assistance.**
- Respect groomed trails: Snowshoers, "skate" skiers, pet owners, and hikers should avoid activities that damage groomed tracks.**
